

Wiggle Rump Ranch (Monica Rinehart)
Our Desire Is That You Are Completely Satisfied With Your New Wiggle Rump!

Sales Agreement

2 Pages

Wiggle Rump Ranch, hereby states that the below described puppy will leave our home in good physical and mental health. All puppies receive a vet exam prior to leaving and are issued a health certificate for their flight if being transported by air. If for some reason you are concerned with the health of the puppy, you may wish to take the puppy (at your expense) to a vet of your choice to ease your concerns. If a refund is requested for the said puppy, due to a vet verified health condition, it must be done within 3 working days of receipt of the puppy. In addition, we guarantee the described puppy against any inheritable/genetic defects that would take the puppy's life for a period of 24 months. Should a licensed veterinarian determine that such genetic defects are present during this time frame, Wiggle Rump Ranch will offer a replacement puppy of equal value or a refund once we have had a veterinarian of our choice evaluate the puppy/dog in question.

** Refunds will not exceed purchase price minus the non-refundable deposit.*

Additional Care Instructions:

No Jogging, Jumping, Intense Exercise is to be asked of the puppy prior to 1 year of age and/or when growth plates have closed. Puppies will play and that is fine, but if we are asking/letting them jump off a tall deck, catch a frisbee in the air, or jog along side us, etc... - it is us pushing the puppy beyond what is safe for correct bone/joints, soft tissue, and muscle development. There will be plenty of time for these things after your puppy is done growing. Your puppy will do more than it should in an effort to please you and have fun. We must be careful as owners of such a smart, eager to please breed. :o)

PLEASE DO NOT OVER FEED YOUR PUPPY/DOG!

Obesity is so detrimental to growth/development of your puppies body. An obese dog will encounter many more health complications than a thinner one at any point of its' life.

Additionally we ask that you feed Life's Abundance All Life Stages dog food. We trust the quality of the ingredients, the freshness to guarantee those ingredients are intact, and the company has NEVER had a recall. We will help you get set up to have this food delivered fresh to your door as needed PRIOR to your puppy coming home.
